

MiniBeast Auto

The worlds smallest automatic magnetic drilling machine.

With all the Features of the MiniBeast

- Compact size and weight - ideal for site work.
- Internal coolant reservoir - ensuring maximum cutter life.
- Self correcting slide rails - for maintenance free operation.
- Light-weight - only 13kg

...Plus Much More

- Easier operation – lets the machine control the task.
- Increased productivity – one operator can control several machines at one time.
- Improved tool life – let the machine do the cutting. More holes per tool with better hole results.
- Protects against misuse of machine and wearing parts – no manual overloading of the motor.

- Longer overall life of the machine.
